

**Changes to
Annual Utilization Report of Home Health Agencies/Hospices – 2005**

January 6, 2006

New and/or Revised Data Items

Section 4 – Patients and Visits by Principal Diagnosis for Which Care was Given

- Line 2 – Deleted (include AIDS, ARC, HIV).
- Line 34 – Changed ICD9-CM Code for Visits for Evaluation and Assessment from V60.0-V84.8.
- Line 51 & 52 – For information related to these two lines, to be consistent with national standards for terms on reported diagnosis, changed “primary condition” to “principal diagnoses”.

Section 8 – Hospice Utilization – Discharged Hospice Patient’s Visits and Patient Days by Diagnosis

- Line 2 - Changed ICD9-CM Codes for Heart range 390-402.91 to 393-402.91.
